It is understood that at some point during the course of occupation of the above dwelling unit that I/We may wish to add satellite, cable, or internet services to the household.

Pike County Housing Authority (PCHA) encourages its residents to add these services to improve the lives of its clients.

While PCHA encourages this to be done, there are some limitations as to how these services may be installed by the various providers. PCHA's Satellite Dish Policy, dated 6/6/18, explains in detail as to how the various service installations are to be done.

While the policy specifically addresses satellite dishes, it is understood that the installation methods are very similar for cable and internet. As a result, the methods described in detail in the policy shall also apply to cable and internet installations.

I/We, have read and understand the Satellite Dish Policy, dated 6/6/18, and hereby agree to terms and conditions of that policy.

I/We, further agree to be responsible for any damage caused by our chosen satellite, cable, or internet service provider as a result of failure to abide by the terms and conditions of the Satellite Dish Policy, dated 6/6/18.
